VALIDITY Group launches International Study Tour in conjunction with Victoria Graduate School of Business (VGSB).

Melbourne, Australia. January 29, 2016.

VALIDITY Group is delighted to announce the signing of an agreement for an Executive Leadership Program with Victoria Graduate School of Business (VGSB), Victoria University, Melbourne Australia.

This agreement provides for the delivery of a study tour for managers and business leaders from South East Asia to attend the Melbourne Campus of Victoria University and participate in a carefully constructed five-day intensive course.

The outcomes from this course are designed to provide business leaders with the tools, skills and abilities to solve the challenges that face many business leaders today.

In brief the benefits are:

- Understand their current leadership strengths and weaknesses.
- Understand key leadership paradoxes and how to address them.
- Develop essential skills that distinguish a successful leader from a manager.
- Drive their business growth and success, generating greater insights and initiatives.
- Learn how to lead teams to high performance and become effective champions of innovation.
- Acquire the knowledge necessary to prevent being derailed as a leader.

Improving the leadership abilities of business leaders together with the international connections is of increasing and vital importance in the fast moving and increasingly competitive market of South East Asia. How business leaders respond and lead their organisations has a significant and direct impact upon their business, their employees, and indeed upon the economy of their country.

Participants will have the opportunity to join an international community of business leaders and enjoy the networking opportunities that come from meeting with discussing and working with like-minded business professionals.

Driving business growth and opportunities across businesses and across the region is a significant outcome for both VGSM and VALIDITY Group.
